EL PASO'S OWN  
DUE SATURDAYCompany A, 141st Infantry,  
Arrives at De-  
mobilization Camp.

Company A, 141st infantry, "El Paso's own," composed of men who went across with the Pancho division and met the Kaiser's best on the battlefield of the Champagne, is coming home. The company, together with other units of the "Fighting 141st," is now at the Camp Travis demobilization center and the last leg of the long trip home from the battlefield of France will be made Friday when the men will leave San Antonio and it is expected they will arrive here Saturday.

The El Pasoans will be given their discharge before leaving Camp Travis, but it is planned to have the company return to El Paso in a body. According to present plans the company will parade from the airport to the courthouse, where the famous organization will be permanently disbanded. All members of Company A, who were returned home in advance of their organization, are urged to be at the Union station to greet their returned comrades. It is planned to have the parade on Saturday, July 1, when the men will be discharged.

**Relieved Men**

Company A, 141st infantry, trained with other formations of the 141st division at Camp Bowie and went overseas in the summer of 1918, landing at Brest at the time when American troops were seriously needed to force the Germans backward toward the Rhine. The El Paso company underwent a short period of training at a French military training center and went into the line for the first time early on the morning of October 3. The 141st infantry relieved a regiment of marines of the sector between the "Kaiser's best" and the boys from the west Texas "Carroll" with the same courage as was displayed by the "Kaiser's best" at the battle of Metz, and the order came to retire the boys of the 141st were standing on the banks of the Rhine river.

**Stated Men Drive**

Following the Champagne operation, the 141st infantry, together with other infantry units of the 141st division, were ordered to a rest sector and when the armistice was signed the Texans were stationed in a little town in the outskirts of the Champagne. The 141st infantry suffered perhaps the heaviest casualties of any unit of the Pancho division. Many officers and enlisted men won war medals for bravery and the company, along with the rest of the division, was cited for bravery by the French general commanding the armor group operating on the Champagne front.

**FEELS AS FINE AS WHEN A BOY**

"I certainly do believe in Tanlac," says English—Gains 20 pounds.

"You must know I believe in Tanlac when I have bought fifteen bottles. But the few dollars it cost me are worth it to me. I have gained 20 pounds and I wouldn't take hundreds of dollars for the good the medicine has done me," said J. D. English, an employee of the City of El Paso, Texas, residing at 310 West Fourth street.

"Up to three years ago," continued Mr. English, "I was just about as strong and healthy as most men you'll find. When I lost my appetite and began to fall off in weight and go down hill, my old time energy and vitality left me. I suffered often with nervousness and headache and kept getting worse until I could hardly get out of bed in the morning. My wife would almost have to yank me out of bed and to tell you the truth, my condition was getting critical."

"I finally decided to see what Tanlac would do for me and I began to improve right away. After a few days I was feeling a hundred per cent better. I actually feel as fine as when I was a boy. I'm the first one up in the morning and I can do as much work in a day as anyone else. I feel the least bit tired. I am now telling my friends who I know to be in a rundown condition like I was if they take Tanlac and it don't help them I'll pay the bill, and I mean it. I certainly do believe in Tanlac. I consider it the finest medicine ever sold in a drug store and I guess I ought to know."

Tanlac is sold in El Paso by Kelly & Pollard and by the leading drug stores in practically every city, town and village in America.—Adv.

ARTILLERYMEN  
ASK DISCHARGEEnlisted Men of 82nd F. A.  
Address Petition to Con-  
gress Committees.

Believing that congress might be able to work out a plan with the war department for facilitating discharges from the army, now that the peace treaty has been signed, 400 enlisted men, including many noncommissioned officers, of the 82nd field artillery have addressed a petition to the senate and house military affairs committees, asking immediate discharge from the army. It was declared Tuesday that the spirit of the regiment is fine, that there was no hint of insubordination and that a copy of the petition was readily furnished the colonel commanding when the colonel expressed concern over published accounts of the petition.

The petition calls attention to the fact that the peace treaty having been signed, the emergency for which the men were enlisted is at an end and that they are subject to discharge. Referring to conditions on the Mexican border, the petitioners declare: "We are reminded of the unsettled condition prevailing on the Mexican border. We wish to bring to your attention the offer of Gov. Hays, for the release of two brigades of troops, two men, for border service. The refusal of the offer indicates the war department's intention to hold us for all emergencies arising along the border, even though our enlistments have expired."

In commenting on the petition, Col. J. H. Merrill, of the 82nd, said Tuesday:

The petition of enlisted men of the 82nd field artillery, addressed to members of congress, while a violation of army regulations in that it was not sent through military channels was merely to suggest ways whereby their discharge may be expedited and was not intended to cause any harm in solving the border situation.
